EARLINGTON RESCUE STATION

Thos. O. Long, Assistant Mine Inspector Expecting Shipment of Apparatus.

PROVISIONS MADE BY INSPECTOR NORWOOD FOR PROTECTION.

Quick Work of Rescue Will be Done in Case of Accident in Western Kentucky.

Earlington is to be practically a Rescue Station, after all, though not established by act of Congress.

Thos. O. Long, Assistant Mine Inspector will have in a few days the oxygen helmets and all necessary apparatus for carrying on the work of rescue in coal mines in case of explosion or other accident, endangering lives of miners in the Western Kentucky coal field. Mr. Long has advised from Mr. C. J. Norwood, Chief Inspector of Mines for Kentucky, that shipment has been made of part of this rescue outfit, from Pittsburgh, and that the complete equipment will be furnished as quickly as possible. Most of this apparatus has had to be imported and shipment has been slower on this account. But Mr. Long will receive a few days two Drager Oxygen Helmets and cylinders of oxygen. An expert representative will visit Earlington when the total shipment has been received, and will open and install the Rescue Station to be under the control of Mr. Long, and will, in all probability, give a demonstration of the proper use of the apparatus while here. The outfits are of the latest and most approved models and have been adopted by the Mining Bureau of the national government.

In addition to the equipment here, two of these helmets will be placed at Central City and others at Lexington, and there will be available on short notice eight of the outfits for use in any emergency in Western Kentucky. Each assistant inspector is to be provided with two complete outfits. The shipment to Earlington was made on Sept. 14 from Pittsburgh, and is expected to arrive here on any train. Besides this, Evansville was recently designated as a central rescue station which may be drawn upon by Kentucky, Indiana and Illinois. Mr. Long's outfit is looking well to the protection of the coal miners in the great coal fields of this central country.

Mr. Long may be depended upon to be a minute man in the use of this apparatus in any emergency, with the quick cooperation of Chief Inspector Norwood and the entire strength of the Kentucky Bureau of Mines.

MANY WILL SEE CIRCUS

Hundreds From This City and Surrounding Country to Visit Ringling Shows.

Ringling Brothers' Circus is the magnet that will attract hundreds of visitors from this city and the surrounding country to Hopkinsville on Saturday Oct. 1. The railroads are offering special inducements in the way of cheap rates.

The programs the Ringlings are offering this year is less than wonderful. It is given by 375 artists. Over 200 of them are Europeans, making their first tour of America. There are no less than 100 big acts. Novelties will be presented by the telephoning elephants; the wonderful Schumann horses, from Schumann's German circus—the Lorch family of acrobats; the Arthur Saxon trio of strong men; Robbie, the Spanish wire dancer; the Manello Marantz family of upside down bell ringers; the Alexis family of acrobats; the Dutton company of equestrians; the aerial Klarkonians, and the fifty funniest clowns in the world.

The forenoon parade is fast the best street spectacle the Ringling Brothers have ever devised. It was built in the foreign workshop of the show near Liverpool last winter at the cost of more than \$1,000,000. It was made from designs executed by the best artists of Italy and France. In it will be seen 1,280 people from all parts of the world, 650 horses and more than half the elephants in America. It will be three miles long. It leaves the show grounds at 11 o'clock in the forenoon.

New Shoes Causes Death

Eugene Lightfoot, colored employee of the Catulago construction camp, working at Mortons Gap, met with a peculiar accident this morning which caused his death. While working with several other laborers laying railroad ties the fatal accident occurred.

He had recently purchased a new pair of shoes which it is said caused his death. He and several other men were packing a heavy tie, when his foot slipped on the rail as the result of a slippery bottom and he fell, receiving the full force of the tie on his neck. His neck was broken and skull fractured.

The negro was a good worker and was one of the most trusted employees of the construction crew.

Coroner J. M. Stevens, of Madisonville, held an inquest over his dead body this morning and the jury decided that his death was the result of an accident.

Good Vaudeville Here.

One of the best vaudeville troupes seen at the Electric theatre this season was here Thursday, Friday and Saturday nights. The Krecker children are cute little German comedians and delight the audience with their dialect songs and dialogues. Johnnie Lowry is there with the goods when it comes to singing and as a dance artist Billy Kersands takes the remnant of calico from the shrubbery. These people give a show that is well worth the price.

Electric Line From Hopkinsville to Guthrie.

That electric railroad from Hopkinsville to Guthrie, which was talked considerably several months ago, and which many supposed had died, and has been almost forgotten, is very much alive and promises to materialize.

MRS. MATTIE WOOTON DEAD.

Was Mother of Mrs. Ott Power, of This City.

Mrs. Mattie Wooton, wife of Lum Wooton, a well known contractor, of Madisonville, died at her home on Hall street Saturday morning at 2 o'clock. She had been confined to her bed since spring with a complication of diseases, but it was thought that death was caused by heart failure. She was 53 years of age.

Mr. Wooton was born in the Mt. Zion country, in this country, and has spent practically all of his life in Madisonville. She was a member of the Baptist church and a good Christian woman.

She has two living brothers, Ben Robertson, of Evansville, Ind., and John Robertson, and one sister, Mrs. Henry Wilson, of Nortonville. She leaves her husband and two daughters, Mrs. Ott Powers, of Earlinton, and Mrs. Ed. Winstead, of Mt. Vernon, Ind.

The death of his wife came as a great shock to Mr. Wooton and two physicians were with him Friday night.

The funeral took place at the residence on Hall street Sunday afternoon at 4 o'clock. The funeral services will be conducted by Rev. J. A. Kirtley. Interment took place at the Odd Fellows' cemetery.

No More Hanging in Kentucky.

Although it is expected that the chair may not be used for months, the work of installing the death chair at the Eddyville Penitentiary is going on steadily, the prison commission taking no chances of being caught napping.

The chair will be ready in a few weeks, and any condemned man who is to die in the chair will be put to death at Eddyville in what is considered the most approved manner. The electrocution law became effective on June 14.

Howard Withdraws.

Capt. Nat Howard, the Republican candidate for Congress from the 3rd. District, has withdrawn

from the race on account of bad health.

He has been sick for several days at his home in Mayfield, threatened with typhoid fever.

It is estimated that the firm will pay fifty cents on the dollar.

A man never realizes the superiority of woman so much as when he is sewing on a button without a thimble, pushing the needle against the wall to get it half way through the other half by hanging on to it with the teeth.

THERE IS A REASON

Why it pays to advertise in the SEMI-WEEKLY BEE:

It reaches a large number of wage earners who take no other paper:

It has an almost exclusive circulation in a community where \$50,000.00 in money is paid out each month.

It is read by hundreds of people who buy what they want and who have money to pay for what they buy.

The only way to get your advertisement before the people of Earlington, Mortons Gap, St. Charles and immediate vicinity is through the medium of the Earlington Bee. A hint to the wise is sufficient.

Society Happenings

An enjoyable dance was given by the young society people, of this place, in Webb's hall Friday night. The music was good and there were quite a number present.

Little Margaret Rogers entertained her friends with a birthday party at her home on Saturday afternoon from two to four o'clock. She was very nicely remembered with tokens of love from one and all. At the very last moment the games were broken into and they were carried into the dining room, which was beautifully decorated, where a very tempting ice course was served to the little ones. Those present were Little Misses Sarah Beth Mothershead, Elmo Arnold, May and Edith Price, Elizabeth Rash, Ernestine and Mary Louis Reinro, Joe Nell Tatum, Eddie Owen Sisk, Helen Browning and Masters Lawrence Davis, Duncan Rash, Hal Dudley, Curtis Rake James Coyle Lawrence Lyons. All present had a nice time and enjoyed themselves greatly.

Pull Togather,

Pull togather brethren. We are all here for the same purpose. Thee live and let live. The best way to build up a town is for each and every man to pull together and not strive to rend and tear down. All residents of a town are partners, not opponents. In all likelihood the more business done by your rival the more you will do. Every merchant who treats his customers honestly and fairly will get his share and the more business that can be secured by united effort, the better it will be for all.

Old people, tired, weak, run down people, delicate children, frail mothers, and those recovering from severe illness, this is a fact.

Thousands of genuine testimonials from reliable people prove this claim, and to further support the fact and prove our faith in what we say, we unhesitatingly declare that any one who will try a bottle of VINOL will have their money returned without question if they are not satisfied that it did them good.

HE MADE A SPEED RECORD

Irishman Who Slept in Haunted House Traveled With Greatest Velocity Ever Recorded.

Walker Hines, railroad authority and expert on rapid transportation, tells a story of an Irishman who traveled with the greatest speed ever recorded. The Irishman was down on his luck and needed a lodging place. After asking the loan of a bed in several houses in a small Western town, he encountered a preacher who told him:

"There's an unoccupied house down the road a little way. You might sleep there. But I am going to warn you that the house is haunted."

"No matter," replied the Irishman, "I'm not afraid of ghosts."

Soon after dark the preacher dropped in to see the Irishman and found him in the haunted house and a trifle nervous. Three days later he saw coming down the road the weary and dusty figure of the former tenant of the ghost-ridden house.

"Why have you been?" he inquired kindly. What have you been doing during the three days since you went into that house?"

"All that time," replied the Irishman, "I've been coming back."—Popular Magazine.

Don't Mortgage Your Farm.

An exchange gives an incident that illustrates the impossibility of telling where the trouble resulting from a mortgage will end. A man mortgaged his farm to buy his wife a pair of ear rings. The wife took in washing to pay the interest on the mortgage, and the first day lost one of the diamonds in the suds, and tried to hang herself in the barn, but the rope broke and she fell on a \$150 Jersey cow, breaking its back.

Preachers' Sons.

A preacher's son was arrested in an Eastern city the other day. He had transgressed the laws of the State, and probably will be severely punished by his fellowmen.

Much notoriety was given the case, although the crime was a most ordinary one. Other men have stolen far larger sums of money, and many other men have stood in the shadow of more severe punishment than awaits this preacher's son.

Do you know why? Because, and there is no special reference made to their fathers' occupation, but let a preacher's son make a mistake, and the gossipers are set going at once.

"What can you expect from a preacher's son?" is so easily asked by those who seem to expect preachers and their children to be immaculate specimens of human beings.

It must not be forgotten that while your minister is doing a thousand and one things for the spiritual and material comfort of the members of his congregation, he is getting a salary that most bricklayers would despise his children must necessarily be neglected to that extent, and they have each the same temptations to struggle against that your boy and girl face.

The next time it occurs to you that preachers' children "are no better than they should be," read over this list of preachers' sons:

Oliver Wendell Holmes, author.

Edward Everett Hale, statesman and auditor.

John Hancock, first signer of the Declaration of Independence.

Jonathan Edwards, theologian.

James Mather, former President of Harvard.

Cotton Mather, author and scholar.

George Bancroft, statesman and historian.

Louis Agassiz, naturalist.

Henry Clay, statesman and orator.

Ralph Waldo Emerson, essayist and poet.

David Dudley Field, jurist.

Stedman J. Field, Justice United States Supreme Court.

Cyrus W. Field, founder of the Atlantic Cable Company.

John B. Gordon, soldier and statesman.

Henry Ward Beecher, preacher and reformer.

Samuel F. B. Morse, artist and inventor.

James Russel Lowell, author and diplomat.

Francis Parkman, historian.

Grover Cleveland, twice President of the United States.

David J. Brewer, former Justice of the United States Supreme Court.

Jonathan P. Dooliver, Senator.

Henry Saxe, novelist.

Richard Watson Gilder, editor and poet.

Lyman Abbot, preacher and editor.

There are others too numerous to enumerate, enough to prove that all were not ministers' sons there would be a much higher average.—Louisville Herald.

We Preach the Doctrine of PROTECTION

IN LIFE INSURANCE--not investment --not savings, not profits, all good in their way, but subordinate, minor, relatively unimportant in comparison with the one big, important, essential feature of life insurance for the benefit of women and little children who need it and need its benefits most when their breadwinner no longer stands guardian over them. Let us call the policy of protection, the substitute breadwinner, the volunteer who steps into the breach when the regular has passed on his way. Call it what you will but above all don't neglect to get it, NOW! TODAY! while you may, it may already be too late for you to get the benefits. Strange, but the average man thinks it the easiest thing in the world to get life insurance and then is staggered oftentimes to find that he has waited just one day too long. Suppose you try. See the Equitable Life Assurance Society man today.

First: Let him find out if you are eligible.

Second: Then let him tell you how little it will cost to put around your family his armor against the rapid firing guns of hunger and cold and want, and the other shells which destroy unprotected families. It will be very much worth your while, but thinking about it won't do you or your family any good. Action is the word which brings relief.
